template / meeting

Weekly Sync July 12, 2023

What happened last week?

- Some data loss - retrospective?
- Review MessageStore architecture.

What are we doing this week?

- Create new, more manageable approach to engineering releases.
- Web releases move to a bi-weekly schedule.
- Mobile releases move to monthly.

Potential blockers?

- Our database is running out of space.

Action Items

- ☐ Anton to draft new process for monthly engineering release cycle
- ☐ Jen to triage new bugs
